NATIONAL POSTGRADUATE MEDICAL COLLEGE OF NIGERIA

JUNIOR RESIDENCY LOGBOOK

FACULTY OF OPHTHALMOLOGY

APPROVED BY THE SENATE ON 2ND MARCH, 2023

DR F. A. AROGUNDADE, MD FMCP
COLLEGE REGISTRAR

NATIONAL POSTGRADUATE MEDICAL COLLEGE OF NIGERIA

FACULTY OF OPHTHALMOLOGY

THE LOGBOOK

FOR

JUNIOR RESIDENCY TRAINING IN OPHTHALMOLOGY

Resident's Name		2022	
Resident's Ivanie		• • • • • • • • • • • • • • • • • • • •	•••••
Name	of	Training	Institution
• • • • • • • • • • • • • • • • • • • •			
Date of Commen	cement of Training		

Name a	and Signature	of Supervisor	r(s)
--------	---------------	---------------	------

PREAMBLE:

The 1st and 2nd Year Residency Training (104.5 credit units)

The goals of the first 2 years of junior residency training leading to the Part I examination emphasize

- i. recall of information, application of knowledge of basic sciences as well as application of knowledge of pathogenesis and pathophysiology to clinical problems;
- ii. interpretation of clinical findings;
- iii. formulation of diagnosis and differential diagnoses;
- iv. development and implementation of treatment plan;
- v. acquisition of surgical skills as well as anticipation, recognition and treatment of complications

The competencies, skills and knowledge acquired in the 1st year of training are formally assessed as part of Continuous Assessment of the candidate's progress. Areas of weakness are identified and steps taken to rectify them

The 2nd year of junior residency training will build confidence on the skills and knowledge acquired during the 1st year of training.

ACTIVITIES TO UNDERTAKE IN ACHIEVING THE STATED LEARNING EXPECTATIONS

Specific Activities to be undertaken to achieve the stated objectives include but not limited to the following:

- 1. Ward rounds
- 2. One detailed case presentation by residents during weekly ward rounds
- 3. At least one Clinic clerking presentation.
- 4. Reading assignments including review of journals & Essay writing
- 5. Tutorial sessions
- 6. Attendance to at least one theatre session per week.
- 7. Regular bedside teaching/tutorials for medical students and residents.
- 8. Attendance to compulsory College and faculty update courses and conferences.

Training Evaluation:

Trainees will be required to keep a log book of surgical and clinical cases managed (including multidisciplinary team management) and procedures carried out.

Evaluation format: This will consist of formative assessment and examination;

Log book documentation of:

a) Procedures observed and performed

SCALE OF PERFORMANCE GRADES

PERFORMANCE	DESCRIPTION
GRADE	
A	Adequate knowledge; Performs skill without supervision;
	able to take corrections; can reproduce skill on request
В	Adequate knowledge; performs skill with minimal
	supervision; able to take corrections; reproduces skill
	with minimal guidance
С	Adequate knowledge; performs skill with supervision;
	able to take corrections; barely reproduces skill
D	Inadequate knowledge; performs skill with supervision;
	understands corrections with difficulty; Unable to
	reproduce skill

E	Gross inadequate knowledge; unable to perform task;
	difficulty in following instructions; unable to reproduce
	skill

The minimum accepted performance score is Grade B in each of the tasks. A lower grade requires a "make-up" performance to be documented by the supervising Consultant and recorded on a supplementary page.

First year: FORMATIVE ASSESSMENT

(Should be done every 3 months)

Should be done every 5 months	1
